

## Advantages of the product

- Suitable for all hot water appliances such as kettles, irons, etc.
- Increased effect with heated descaling liquid
- Product contains 45% dextrorotatory lactic acid, which effectively dissolves limescale deposits
- Also suitable as a cleaning agent against water stains
- Easily dilutable
- Without petrochemical ingredients and preservatives

Concentrate: economical and efficient in use

No animal testing

Without petrochemical ingredients and preservatives

Only essential ingredients are used in our products

## Certification

The Ulrich natural descaler is certified by ECO-Control as NCP-Vegan according to the latest Nature Care Product Standard (NCPS). The Nature Care Products Standard regulates the requirements of certified care products. The NCP standard includes in particular washing and cleaning products, textile and leather care products.

In addition, the Ulrich natural descaler is registered with the Vegan Society. The Vegan Society checks, among other things, all raw materials used in the Ulrich natural recipes and classifies them as vegan if they meet the relevant guidelines.

## Application

Dilute the descaler in a ratio of 1:3 (descaler: water). Then rinse the descaled devices thoroughly with clean water. Tip: Hot water increases the cleaning effect.

Please follow the cleaning instructions provided by the machine manufacturer.

## Storage

Store in a cool, dry and dark place. Use within 12 months after opening. Protect from sunlight. Always close the bottle tightly. Keep out of the reach of children.

## Container

1000 ml bottle  
5 L canister
