Without dyes, optical brighteners, palm oil, enzymes, petrochemical ingredients

Only essential ingredients are used in our products

## Labelling of ingredients according to Regulation (EC) No 648/2004

≥ 30% oxygen-based bleach

## Certification

The Ulrich natürlich stain removing salt is certified by ECO-Control as NCP-Vegan according to the latest Nature Care Product Standard (NCPS). The Nature Care Products Standard regulates the requirements of certified care products. The NCP standard covers in particular washing and cleaning products, textile and leather care products.

In addition, Ulrich natürlich stain removing salt is registered with the Vegan Society. Among other things, the Vegan Society checks all raw materials used in Ulrich Natürlich recipes and classifies them as vegan if they meet the relevant guidelines.

## Application

To pre-treat the stain, soak the item of laundry. For gentle bleaching, add 1 tablespoon of Ulrich natürlich stain removing salt to the washing drum (for colored laundry, follow the manufacturer's care instructions).

## Storage

Store in a cool, dry and dark place. Once opened, use within 12 months.

## Container

450 g tin

900 g tin

## Label elements Regulation (EC) No 1272/2008

Hazard-determining components for labelling: Disodium carbonate, compound with hydrogen peroxide (2:3)
