- Ideally apply before wearing the textile for the first time
- Particularly suitable for water temperatures of approx. 30° C
- Suitable for all water hardness

Concentrate: economical and efficient in use

No animal testing

Without dyes, optical brighteners, bleaches, palm oil, enzymes, petrochemical ingredients

Only essential ingredients are used in our products

Easily biodegradable & environmentally friendly

Labelling of ingredients according to Regulation (EC) No 648/2004

15 % - < 30 % soap, < 5 % anionic surfactants

Certification

The Ulrich natürlich wool impregnation is certified by ECO-Control according to the latest Nature Care Product Standard (NCPS). The Nature Care Products Standard regulates the requirements of certified care products. The NCP standard includes in particular washing and cleaning products, textile and leather care.

Application

Shake the Ulrich natürlich wool impregnation before use. For diaper pants and woolen clothing, dissolve ½ cap (approx. 20 ml) per litre of hot water in a bucket or sink. Allow to cool to approx. 30°C, then allow the woolen items to soak in it for 4-6 hours. Then rinse in clear, lukewarm water (if necessary, add 1 tablespoon of Ulrich natürlich descaler). Repeat the process for diaper pants every 2-3 weeks.

Storage

Store in a cool, dry place. Protect from sunlight.
Recommendation: Use within 6-12 months after opening.

Container

250ml bottle

Label elements Regulation (EC) No 1272/2008

DANGER! WARNING! ATTENTION!

Hazard warnings:
